business

How to apply for an agency

To obtain quotes and place policies, all intermediaries must apply for an agency with Ibiliti Underwriting Managers.

If you already hold active agencies with Mutual & Federal Risk Financing Limited you will still be required to follow the application procedure.

Upon application you need to complete our two-page application form, sign the Agency Agreement and supply us with the following supporting documentation:

- Company registration documentation
- FSP documentation
- PI certificate
- VAT certificate (if applicable)

If your application is successful, we will e-mail you a confirmation letter, a copy of the signed Agency Agreement (both parties must sign the agreement), an Ibiliti agency number and our Broker Service Undertaking.

You will also receive your username and password to access the 1Web System for submitting quotations and endorsement requests.

Agencies will only be granted subject to you undertaking to have ten active policies with Ibiliti within six months. If this is not the case after six months, we will review your agency.

We do not provide quotations to brokers whose agency has not been approved.

Delegated authority

We do not delegate any authority to intermediaries to quote, bind business, issue policies or handle claims on our behalf.

Premium collections are strictly per debit order and EFT for annual policies, unless permission is granted from the insurer and premiums are paid directly into the insurer's bank account.

Intermediaries are required to adhere to SARS and other compliance requirements if premium collection authority is granted on a bordereaux basis.
